Audio Bibles - God's Word in a language the people understand - and are able to listen to again and again with their family and community. Article by Missionary Aviation Fellowship (MAF)

Small Device. Big Impact.

A pocket-sized Bible is helping people in isolated communities across Papua New Guinea hear God's Word - and lives are being transformed.

Johnson Irarue works with MAF Technologies in Goroka, preparing audio Bibles to be distributed across the country. One day, a blind pastor named Matthew came to the office hoping to receive one.

"I was a pastor before I became blind. I used to preach in my local church, but because I was blind, I could no longer minister. But now that I have received the audio Bible, I listen to Bible verses, and I memorise them. So, I tell my little child, take me to the marketplace."

Every Wednesday, Pastor Matthew went to the marketplace to preach.

"It really blesses me. Now that this audio Bible has helped me to preach again, I will still keep preaching, even though I am blind, and I cannot read and stand in the pulpit and preach." Pastor Matthew later returned to share how the audio Bible had transformed his ministry. His story continues to encourage Johnson.

"When I hear stories like this," Johnson said, "I feel like my heart is filled with joy, and it gives me the satisfaction and joy to continue to serve, even though I am in the office writing emails."

GIVE YOURSELF

A Joyful 'toon by Mike Waters

And they exceeded our expectations: They gave themselves first of all to the Lord, and then by the will of God also to us.
